**About the Company**

---

RighTel has been awarded the 3rd mobile operator license and would launch the 3rd generation (3G) mobile services for the first time in Iran.
Having been established in 2007, The company is a subsidiary of the Social Security Investment Company (SSIC), the investment company of the Social Security Organization (SSO), the largest non government investment company in Iran.

With a great ambition, disciplined programming, professional management as well as allocation of highly skilled personnel, RighTel is heading towards launching a state of the art project which is unique in quality and scale all across Middle East region.
